

TECHNOLOGY INNOVATION CENTRE MEĐIMURJE LTD.

Incubator Centre for Innovative Startup Companies

PROJECT DESCRIPTION

Technology incubators and parks assist technology-oriented entrepreneurs in the start-up and early development stage of their companies by providing a workspace, shared facilities and a range of business support services. Particularly important for the early development stage of companies is the availability of business financing sources, especially forms of equity and semi-equity capital that is crucial for further development. The intention of this Catalogue is to present technology incubators and parks as a source of investment projects (start-up companies) for business angels and venture capital funds.

TECHNOLOGY INNOVATION CENTRE MEĐIMURJE

Established in 2010 as part of the Knowledge Centre of Međimurje, the Technology Innovation Centre Međimurje (TICM) is a dynamic system connected to the regional economy and higher education institutions and is integrated in the international environment. TICM is also a technology incubator which supports technology based businesses and enterprising individuals in the development and implementation of technologically advanced business ideas and provides customer support through facilitation of workspace and technology equipment.

TICM itself employs professionals active in providing mentoring services to incubated companies and students working on real-life projects, organizing basic and specific trainings and seminars for incubated companies and other stakeholders. TICM offers:

- 2,700 m² of newly refurbished office space;
- a large multimedia hall for 100 participants, fully equipped;
- a meeting room for up to 20 people and modular computer classroom with 20 personal computers;
- an IT lab equipped with technology for web and mobile application development, 3D scanning and modelling, professional video production and advanced multimedia presentation development.
